STANDARD CONDITIONS

The Racing Calendar Office of Weatherbys Thoroughbred Ltd. receives entries submitted for acceptance as agents for the Racecourse Authority and only upon the terms of the Standard Conditions. Acceptance of entries is subject to the power to refuse to allow entries to be accepted conferred by the Orders and Rules of Racing on the British Horseracing Authority Ltd. Entries are accepted by the Racing Calendar Office, acting as aforesaid, causing the name of the horse in question to be published as being entered for the race in question either in The Racing Calendar, when the race closes more than six days before running, or, for other races, on the British Horseracing Authority Racing Administration Internet site (www.racingadmin.co.uk) and ordinarily in the Sporting Press.

For further details on Standard Conditions, reference should be made to "Standard Conditions" on the Racing Bulletin area of the Racing Administration Internet site (www.racingadmin.co.uk) for the full details.

FRANCE - Owners and trainers of horses trained outside of France are reminded that, to enter any horse in a French race for the first time, they must register their horses in training through their access online at least 8 days before the closing time of entry, with the correct name of the horse, its suffix, sex, year of foaling and pedigree (sire, dam and sire of dam).

This declaration is not considered as an entry. Trainers are to make their entries and other declarations directly online. They must also supply a complete race record of all the performances of the horse(s) entered on the Internet, by fax (33 1 47 61 93 37) or email (fgperf@france-galop.com). The entry will not be valid if these performances are not received by the international department at Racing Operations by the time of the first forfeit, or on the eve of the declaration to run (if entries were made more than a month before the race). When declaring a horse to run, it is the responsibility of the trainer to check the weight carried.

Italy - Owners and trainers of horses trained outside Italy are informed that, the first time they enter any horse to run in Italy, they must include with the entry the correct name, sex, year of foaling, pedigree (sire, dam and sire of dam) and the name of the country where the horse was foaled.

Owners and Trainers are reminded that the foreign race conditions published below are based upon information supplied by the relevant authority. For more detailed race conditions please refer to the relevant authorities racing administration website.

The British Horseracing Authority will amend
paragraphs 28 to 32 of the Weights and
Handicapping Code and the Declaration of
Jockey section of the Race Entries Code in the
event that raising of the weights at the 24-hour
stage proves necessary. The British

Horseracing Authority has granted special
permission to the York Racecourse Executive to
stage a public Draw at which the stall numbers
for declared runners will be allocated. The Draw
will be broadcast live and will be overseen by a
British Horseracing Authority official. Further
details of the draw procedure will be published
in due course. This race will utilise York
Racecourse's 22-bay starting stalls. This race
will be restricted to 22 runners plus two
reserves. The two reserves will be nominated
as R23 and R24. The procedure for the
allocation and operation of the reserves
protocol will be as detailed in the notice headed
'Reserves' which has been published in The
Racing Calendar and which also appears in the

important notices following the Standard Conditions on the Racing Bulletin area of the BHA Racing Administration Internet site www2.racingadmin.co.uk.

Trainers are reminded of the provisions of paragraph 41 of the Race Entry Code which require that they must notify the Racing Calendar Office immediately when the decision has been made not to run. This will maximise the list of runners and determine whether the weights will need to be raised.

The British Horseracing Authority has modified the Declaration of Jockey section of the Race Entries Code and the Division of Races section of the Race Administration Code of the Rules of Racing for the purposes of this race.

PLEASE NOTE: The winners of the following "Race to the Ebor" races will be guaranteed a starting place in the 2025 Sky Bet Ebor (Class 2) (Heritage Handicap) and will not be subject to elimination, provided it is entered and declared in the normal way.

Should it be necessary to reduce the number of declared runners to the maximum runner limit or to such a lesser number as may be required the following balloting procedures shall be applied (for runs within the qualifying period):

(i) Runners that have finished first in a 110 benchmark handicap hurdle in the qualifying period will be first to be protected in the ballot (most wins gaining the greatest protection).

(ii) In the event of (i) not achieving the recommended limit, runners that have finished second, third or fourth in a 110 benchmark handicap hurdle in the qualifying period will be next to be protected in the ballot.

Where protection is equal, the greatest protection will first be offered to horses that have the most second, third and fourth place finishes followed by the highest rating at time of entry.

If it is necessary to ballot among horses with the same rating, such ballot will be random.

Horses which receive a published weight of 9st 13lbs or less will be entitled to a 50% reduction in entry fee. Should they be declared to run they will then become liable for the full amount of the cost to run
