Price? The median sire price is based on one or more yearling sales achieved by the sire at Public Auction (after July 1st) in 2022. The median price is the price in the very middle of a data set, with exactly half of the horses priced for less and half priced for more. It is not the same as the average price.

Who decides what the median sire

price is? Weatherbys have determined the median sire price for this year's 3yos whose sire established one or more yearling sales at Public Auctions (after July 1st) in 2022.
