

Changes to I.H.R.B. Health Screening

- **With effect from Thursday 19th August** Health Screening can be completed by all industry attendees on the day of the race meeting (and not the day before).
- This change will mean attendees can no longer apply the day before the race meeting – health screening will open on the day of the race meeting and remain open all day.
- Barcodes for the race meeting will be received within approx. 15 minutes of application.
- New attendees (first time registrations) can also **apply on the day of the race meeting.**
- **Where attendees are currently using the IHRB App on their smart phones, they will need to update the App via the App Store/Google Play Store for the latest version.**
